AnonymoX enables you to • Browse the web anonymously • Change your IP address (to one provided by us) • Visit blocked/censored websites • Appear to originate from anonymization network. If you use anonymoX's anonymization network without paying, that is only possible because you indirectly participate in the server funding by viewing advertisements. Private & anonymous Change your IP, country & More and more governments censor websites with the excuse of child safety, copyright infringement or the fight against terrorism and thereby limit the freedom of speech.

It consists of many servers, in every country of your country list These servers are provided and managed by us.. Short summary of its functionality Instead of accessing a website directly, it will be first opened by one of our servers, called a Proxy. This Proxy hides your true internet identity and makes it look as if not you, but the Proxy is currently visiting the website.. The latest Tweets from anonymoX (@anonymoX) Surf like you're in another country.
